Breeze

DECEMBER 1979

Fire Protection Bruce Maltman, Gearhart Volunteer Fire Department, attended the September board meeting. He reported that those persons with a 738 phone prefix now have the 911 emergency number available, for fire, police or medical emergency. To reach the police department dispatcher, phone 1-738-6311 for fire or medical emergency, if you live out of the Seaside phone exchange. The Seaside area, of which we are a part, has emergency personnel who provide interim care prior to the arrival of Medix.

The following suggestions were presented:

1. Someone should be on the road where the emergency exists, to flag down the emergency vehicles.
2. Driveways should be trimmed to allow easy access for any emergency vehicles. In the case of a fire, six vehicles will respond.

When calling in a fire, stipulate the type of fire (grass, structural, etc.) Be specific!

3. House numbers should be clearly visible on your structure, and on both sides of the mailbox, for immediate identification.

Board of Directors Roger Shannon was elected unanimously, at the December meeting, to be the fifth member of the Board, to replace Bob O'Donnell who resigned effective December 1, 1979.

Fire Hydrants Dick Johannsen requests that those persons who have a hydrant fronting on their property, assist Dick by clearing brush and debris around the hydrants, so that they are clearly visible.

Security Guard Vic Olson's duties as security guard were terminated effective 9/30/79. Leroy Van is now on duty, and we are sure he has been noted frequently. Mr. Van is residing in the guard house, and may be contacted at 738-5000. Should anyone require his services during an absence, please contact him to advise of additional security needs, and make arrangement for these services.

In the near future, there will be a 24 hour closure of the Surf Pines roads, to comply with regulations necessary to preserve the roads as private surfaces. All vehicles will be stopped, and those residents who are in need of bumper stickers will be supplied with same. We ask your cooperation during this necessary procedure.

Beach Driving A public hearing regarding vehicle closure of the beach north of Gearhart has been scheduled on Jan. 10, 1980, 7:30 PM, in the Gearhart School Cafeteria, Lincoln Avenue.
